INTRODUCTION TO TARKASTAMO

- Tarkastamo is a modern event venue where state-of-the-art sound and a distinctive, versatile setting provide a solid foundation for memorable events. Our venue can host events ranging from metal music to symphony, from musicals to stand-up comedy, and from magic to dance – in other words, all kinds of exciting performing arts for both children and adults. Contact our promoters (details in the contact information) and feel free to pitch your programme or artist for this new, spectacular stage for experiences.
- Tarkastamo Main Room also transforms effortlessly into a functional and comfortable space suitable for large meetings. The versatile spaces are ideal for corporate events, trade shows, and seminars, for example. The space is also available for rent for events organised by external parties, whether it is a private event or any other occasion requiring a high-quality venue.
- Located in the heart of Tarkastamo is Klubi, a rustic, renovated space that was once a meat inspection facility. It is a place to really kick off a special evening or hold afterparties to remember. The space is perfect for intimate private events and small-scale concerts for about 60–100 people. Book the Klubi for your event or, for example, in conjunction with a concert at myyntipalvelu@tarkastamo-oulu.fi.
- Food is a major part of Tarkastamo's concept, and with us, it is a feast for all the senses. The restaurant's homey classics and local ingredients blend with rich global flavours, inspired by the history of the Market Square. With warm and professional service, you can leave your stress at the door, and let the unique interior design and the delicacies delight

your senses. The Tarkastamo restaurant also features a private dining room for 18 guests, which can be reserved for your events at myyntipalvelu@tarkastamo-oulu.fi.

- On Tarkastamo's patio, you can soak up the summer sun in a prime spot on Oulu's Market Square and make the most of the maritime summer. Fresh, delicious flavours and good company are the norm here. In the summer, the patio also hosts small-scale concerts. Access to our restaurant's patio is through the restaurant itself.
